

**REMARKS**

Claims **54, 56-58, 60-62, and 64-69** have been amended to more clearly and distinctly point out the claimed subject matter taught in the specification and drawings. Claims **55, 59, and 63** have been canceled. Claim **54** and **62** are independent claims; Claims **56-58, 60-61, 64-69** are dependent claims.

Claims **54, 56-58, 60-62, and 64-69** are patentable under the meaning of 35 U.S.C. § 112 first and second paragraphs, §102(b), and §103(b). No new matter has been added. All claim amendments were not made due to any patentability reasons, but instead were made to remove confusion, claim more particularly, and to bring to life the meaning of the specification and drawings. Claim amendments do not narrow the scope of the claims. Applicant most respectfully requests Claims **54, 56-58, 60-62, and 64-69** be placed into allowance.

Sincerely,

Richard J. Ditzik
